My kids loved the books by richard scarry years ago, so I bought this one for grandkids. Im going to collect several different ones for them. My kids never tired of reading this book several times a week. They loved the pictures and memorized the words.

Lowly Worm, Goldbug, Sergeant Murphy...Richard Scarry enthralled my two sons and now 30+ years later my twin grandsons. These are books toddlers can spend hours with on their own (yay!). Goldbug isn't in this one, but the boys enjoy looking for Lowly in all kinds of crazy places, not to mention checking out all the movement and funny characters (Bananas Gorilla appears in this book). So, two generations and still a very favorite.I was delighted to find this book via an seller, and at a good price.

Busiest people ever helps kids to learn about the tasks performed by doctors, carpenter, painter,police men, stuff offered by shopping mall etc.Author has an excellent idea of teaching all these things by means of story.pictures help them to learn better

My children had this book when they were little and we read it almost every day, so when my first

grandchild came along I had to have a copy for him (I couldn't give up mine!). The condition was actually pretty good, the pages were fine, but the cover showed wear. What can you expect for a used book. This book isn't corny like some of the newer ones.
