Lighting And The Design Idea (Wadsworth Series In Theatre)

Synopsis

Understand the design process with LIGHTING AND THE DESIGN IDEA, Third Edition! With coverage of professional theatre practices in both commercial and residential theater, this text emphasizes the process by which lighting designers turn their ideas about a piece into the medium of stage lighting. Design concepts are illustrated by the text's art program so that concepts are easier to apply. A new chapter provides real-world advice, sample resumes, and other helpful tools for making the transition from student to working professional.

Customer Reviews

I choose this rating because it came in a timely manner and did what I needed it to do. I like this product because I am an aspiring lighting designer and it gave me more insight. I would recommend this product to those interested in the technical aspects of theatre.

Awesome!!

Worth it, but thats it. If you know the basics, then prepare for a reeducation.
