Fit To Die: Men And Eating Disorders (Lucky Duck Books)

Synopsis

'This is a book that will be useful to carers, helping them understand the issues that affect male suffers and some of the barriers they will have to break down in order to recover. It will also reassure men affected by an eating disorder that they are not alone, their problems are understood by medical professional and that recovery is possible' - Signpost

Customer Reviews

If you have a male loved one suffering from an eating disorder, this book is an important one to read. Finding literature directly addressing the male with an eating disorder is difficult to find. Male eating disorder sufferers are under the radar both medically and in society in general. This book gives insight. I discovered this book in a list of recommendations on a website specifically about men with eating disorders. As a mother, this book was helpful.

Easy to read and comprehend. Valuable information.

The book met my expectations.

I was interested in buying this book as I own three of her others. I think well of her as she has managed to recover and always seems to offer supportive advice for anorexic sufferers and their

families.
