Customer Reviews

My daughter had to read this book. The book is written in play format so it is hard to follow at first. I am a teacher so I purchased this for her. It gave a great character analysis and description of each scene!

The Crucible is one of the most outstanding plays ever written. It is a wonderful study in conflict development.

This is a great companion to the actual book. It helped my son understand the concepts.

As a ADHD person I understand what I am reading.
