Customer Reviews

good book but not as complete as I would have liked. Glad I have it but wish was a bit more complete (more word choices).

I have the entire series and recommend them for any business person's office library. I find them very useful in my practice.

I order this for a friend who is new to business insurance. I have a the fourth version and use it regularly.

Definitions are very short and don't do much to aid understanding if you don't already know the concept.
