Philosophy Of Human Rights: Readings In Context (Paragon Issues In Philosophy)

Synopsis

The Philosophy of Human Rights brings together an extensive collection of classical and contemporary writings on the topic of human rights, including genocide, ethnic cleansing, minority cultures, gay and lesbian rights, and the environment, providing an exceptionally comprehensive introduction. Sources include authors such as Aristotle, Cicero, Thomas Aquinas, Confucius, Hobbes, Locke, Kant, Marx, Gandhi, Rawls, Hart, Feinberg, Nussbaum, the Dalai Lama, Derrida, Lyotard and Rorty. Ideal for courses in human rights, social theory, ethical theory, and political science, each reading begins with a brief introduction, and is followed with study questions and suggested further readings.

Customer Reviews

At first, I thought phil 101 would be a complete waste of time. I didn't want to take philosophy class but it is a university requirement. My professor had us write an essay every week about a different philosopher with our opinions on their theories. This book goes all across the grid. The book is a compilation of writings from ancient and contemporary thinkers of different ethnicities, genders, ages, and economic backgrounds. You get different perspectives on just about any controversial subject you can imagine. Ironically, my professor and this book changed my outlook on life.

This book provides an excellent introduction to the philosophical foundations of early and modern

human rights. A definite must-read if you're interested in the origins of the subject. Definitely recommended!

Used for a passage or three, and forgotten about. Another good resource for the phosphate student concerned with the inherent rights of the global citizen.

Daughter needed for a course as described, showed up fast.

This book is a great comprehensive and global look at human rights. It spans both time and culture in its approach. Great for both personal reading and for citation work. Definitely recommend it.

Good

Hayden does a phenomenal job of piecing together relevant writings from classical works through modern-day multi-disciplinary authors. This work will certainly give you much to consider towards your own understanding and appreciation of Human Rights.

the condition was listed as good, and because I was short on cash I figured I could handle that instead of like new condition. This book looks like it was brand new, no markings no folds of anykind. PERFECT.
