Our Let's Celebrate Friendship! 30 Amazing Patterns to Share With Your Friends is just what you need. Youâ™ll benefit by reducing your stress and anxiety after a long, hard day. Coloring has also been shown to increase your creativity. How does coloring help stress for adults? Itâ™s been scientifically proven to help you take your attention away from your problems. This is the first step to stress relief. Because coloring regulates your amygdala, you get therapeutic relief from stress. You get a small dose of dopamine when you color which helps reduce anxiety and fear. Neuroscience has proven that when we stimulate this area of our brain to produce positive feelings, it can literally rewire our brains. Coloring can now be thought of as a very inexpensive and creative therapy session. Since it requires focus, even if you only color for a short period of time, it can improve symptoms associated with ADD. Why choose this coloring book? This book provides 30 patterns to provide you with the ultimate coloring experience. You get to be creative and be transported back in time to your carefree childhood days. Itâ™s time to unwind with one of the most popular relaxation methods available: adult coloring. Find out for yourself just why adult coloring has become amazingly popular. Choose the best picture that suits your day and start coloring. Our digital version means that you can print out high quality digital images and color until your heartâ™s content!

Customer Reviews

All Shutterstock repeats, a mix of hearts, women, mermaids, ships, coffee, birds, flowers, romance, balloons...you get the idea. Have every design at least twice, some even more. These are the usual medium detailed to intricate designs, some black-heavy. Not impressed with designs I already have. When we buy coloring books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not Here On ??

Love this coloring book. The images were collected from shutterstock and there is a variety. I noticed a previous reviewer had problems downloading it but I looked at it in the Kindle cloud reader and didn't have problems with the download at all. All in all a nice book. I received this book through pubabook.com

The download/print page won't load for kindle - says problem with csv.
