Customer Reviews

Good sound advice that really anyone should already know, but talking to my three older kids and several of their friends none of them could tell me any of these facts the most important of which to me is the gap insurance (it has saved me more than once). Good work B. D. Shirley keep it up.

This book is good...I gave it 4 stars because it should more info. I won't say a book more like a pamphlet. I would like to read more insurance issues the ones we don't really hear and know about. If you old to the insurance thing you know about these 6 ways. Give us some dirty grit about insurance company.
